DEVELOPMENT REGULATIONS

This section details the zoning regulations to guide the planned development in Kozhikode city. All developments in the city should be in conformity with the provisions mentioned in this chapter.

DEVELOPMENT REGULATIONS

CHAPTER 30 DEVELOPMENT REGULATIONS

30.1. GENERAL GUIDELINES

1. All future developments shall be in conformity with the provisions of the 'Master Plan for Kozhikode City -2040' and the Development regulations stipulated in this chapter.
2. For the implementation and enforcement of the proposal envisaged in this Master Plan, areas have been zoned under various zones such as 1.High-density Residential Zone, 2.Mixed use zone, 3. Low-density Residential Zone, 4. Commercial Zone, 5.Public and Semi-public Zone, 6. Religious Zone, 7. Tourism Promotion Zone, 8. Eco Tourism Zone, 9. Low-intensity Industrial Zone, 10.Industrial Zone, 11.Water body, 12.Transport Zone, 13.Recreational Zone, 14.Wet Agricultural Zone, 15.IT Park, 16.Environmentally sensitive zone I, 17.Environmentally sensitive zone II, 18. Buffer to treatment plant,19. Defence land, 20.Port and allied development zone, 21.Irrigation canal, 22.Heritage zone and 23. Special Zones. Details regarding the nature of 'uses permitted', 'uses restricted 1' and 'uses restricted 2' in each zone are presented in Table 30.2. 1. These regulations shall be enforced in conjunction with Risk area regulations, Development regulations within TOD zone and other specific provisions if any mentioned elsewhere in this scheme.
3. 'Uses permitted' in a zone cover the uses that can be normally accommodated in the relevant zone. Such uses may be permitted by the Secretary, Kozhikode Corporation (hereinafter referred to as Secretary). In some cases it may be possible to permit some other uses also, which are not likely to affect the quality and environment in a zone specified for a particular use. Such cases have to be individually examined based on their performance characteristics and special locational factors. Such cases which come under this category are classified as 'Uses Restricted 1' and 'Uses Restricted 2'.
 - a. Uses restricted-1 Category deals with the restricted uses that may be permitted by the Secretary with the concurrence of the Town Planner of Local Self Government Department Planning, (hereinafter referred to as Town Planner).
 - b. Uses Restricted- 2 Category deals with the restricted uses that may be permitted by the Secretary with the concurrence of the Chief Town Planner of Local Self Government Department Planning, (hereinafter referred to as Chief Town Planner).
4. 'Used prohibited' are various objectionable uses in each zone which shall not be permitted under normal circumstances. All uses which does not come under 'Uses Permitted' or 'Uses Restricted 1' or 'Uses Restricted 2' will be considered as '*Uses prohibited*'
5. Any use not specified either in the 'uses permitted' or 'uses restricted 1' or 'uses restricted 2' category of a particular use zone but which is of a similar nature to any use 'permitted' or 'restricted 1' or 'uses restricted 2' in that particular use zone, may be permitted by the Secretary with the concurrence of the Town Planner.

6. In addition, regulations are also proposed to conserve the heritage character of specific area within Master plan area, with due regard to the historical significance and architectural character of the area.
7. Zoning regulations are not intended to prohibit existing uses that have been lawfully established prior to the enforcement of these regulations, unless otherwise specifically mentioned in this Master Plan. Zoning Regulations are essentially intended to help the competent authority in taking decisions regarding granting or refusal of permits for land development and construction of buildings/ structures.
8. If any portion of a zone is put to a '*Use Prohibited*' as stated in Para 4, before coming into operation of this Master Plan, such use shall be termed as *non-conforming use*. A non-conforming use may be allowed to continue in its existing location and essential repairs and maintenance for the structure may be permitted by the Secretary, provided that the said use creates no adverse environmental influence in the zone. Addition, alteration or reconstruction, if found necessary as part of any mitigation measures may be permitted for such uses by the Secretary with the concurrence of the Town Planner. The total built up area of such non-conforming use shall not exceed 1.5 times the existing built up area.
9. Existing areas and structures of archaeological importance and religious uses may be permitted to continue in all the zones and shall be treated as permitted uses.
10. Subject to the zoning regulations of the respective use zones, more than one use may be combined in a building/ plot, provided that the area of individual uses shall be limited to that prescribed for each such use in the zoning regulations of the respective zone.
11. All future developments shall also be in conformity with the provisions of Kerala Municipality Building Rules, unless otherwise specified in these regulations or in any Detailed Town Planning Scheme in force.
12. Provisions under the Kerala Conservation of Paddy Land & Wetland Act 2008, Disaster Management Act, The Ancient Monuments and Archaeological Sites and Remains Act -1958, Coastal Zone Regulations, Aircraft Act 1934, Environment Protection Act 1986 and any other applicable statutes as amended from time to time will prevail over the respective provisions of this Master Plan unless otherwise specified in the master plan.
13. Silence zone, as prescribed by the Noise Pollution (Regulation and Control) Rules, 2000 as amended from time to time, shall be applicable to such areas under this Master Plan.
14. Regulation of constructions and land developments on the sides of new roads / roads proposed for widening as per the scheme shall be governed by the distance from the centreline of the existing road unless otherwise specified in the Master Plan or Detailed Town Planning Scheme in force or Detailed Road Alignment appended herewith(Annexure III) or any Detailed Road Alignment approved by the Government/Government agencies. If widening on one side of any stretch of the road is constrained due to the physical barriers such as Cannoli canal, railway land or any protected archaeological monuments/sites, the whole road widening required in that stretch shall be towards the other side.

- Constructions of retaining wall, compound wall, fence and gate may be permitted within the area reserved for road widening if the implementation of such road widening has not been initiated by concerned agency.
15. If widening of existing roads or formation of new roads has been implemented to its full proposed width as envisaged in the Master Plan but with change in the alignment, the land parcels in stretches excluded from the original alignment envisaged in the Master Plan may be changed to adjacent suitable land use zone in the Master Plan, with the concurrence of the Town Planner.
 16. Operational constructions as defined in section 2(w) of Kerala Town & Country Planning Act 2016 shall be treated as permitted use in the Master Plan Area.
 17. Metro lines, Metro stations, Mass transit stations and lines and all other supporting developments shall be treated as permitted uses in the Master Plan Area. The alignment of the proposed Metro lines as indicated in the maps are tentative and may vary during implementation.
 18. The Government shall have the power to issue clarifications in respect of technical interpretations, if any, required on any of the provisions of the Master Plan in consultation with the Chief Town Planner concerned of the Local Self Government Department (Planning).
 19. Expansion of Public and Semi Public Institutions and their incidental uses to adjacent plots shall be treated as permitted use irrespective of the zone in which such adjacent plot lies, except in Special zones, High risk zones, Recreational zone, Environmentally sensitive area II, Transport zone, Irrigation canal and Waterbody
 20. Disaster mitigation projects by competent authorities shall be treated as permitted uses in all zones and Transmission / telecommunication towers, wireless stations, ATMs, water tanks, waste management units, public utility buildings/structures and buildings under Government approved schemes shall be treated as permitted uses in all zones except in 'water body' zone.
 21. Projects of Central/ State Government, Local Self Government Institutions, Public Sector Undertakings and other Government Institutions may be permitted with concurrence of the Town Planner in all zones, irrespective of the zoning regulations, if such uses are not included in the permitted uses or uses restricted 1 or uses restricted 2 as per the zoning regulations applicable.
 22. In case of uncertainty in identifying the alignment and boundary of drain, canal, river, existing public road, railway line and in the absence of survey boundaries for the same in the Proposed Land Use Maps, it shall be referred to the actual position on ground as well as revenue records and decision taken by the Secretary in this regard shall be final.
 23. The areas specially demarcated as Special Zones except Special Zone D & Special Zone E are to be procured as per the provisions of the Kerala Town & Country Planning Act 2016, by Kozhikode corporation or the implementation agencies concerned. If the proceedings to procure have not been initiated within 7 years from the date of sanctioning of this Master Plan, the areas so specifically demarcated may be released and assigned to a use in the surrounding land use zone of the Proposed Land Use Map by the Secretary with the concurrence of the Town Planner, based on the application

for building permit received. The development regulations applicable for Special zone D and Special zone E shall be as per respective clauses stipulated in table 30.2.1 (23) - Special Zones, of these regulations

24. If different land use zones fall within a single plot, all permitted uses in these land use zones may be permitted in any part of the plot by the Secretary and all restricted uses may be permitted, in any part of the plot by the Secretary with the concurrence of the Town Planner/Chief Town Planner, as the case may be as per zoning regulations of such land use zones. However, for the part of the plot which comes under Water body, Transport Zone, Recreational Zone, Wet Agricultural Zone, Buffer to treatment plant, Heritage zone, Environmentally sensitive area II, Irrigation canal and all Special Zones, this provision shall not be applicable.
25. Large Scale development projects of any occupancy in an area 1.0 hectare or more, exceeding an investment of not less than Rs.100 Crores, which provide direct employment (after commissioning of the project) to the tune of not less than 100 may be permitted by the committee in all zones other than Water body, Transport Zone, Recreational Zone, Buffer to Solid waste treatment plant, Defence land, Heritage Zone, Irrigation canal and Special Zones, if not included in the permitted uses or restricted uses as per zoning regulation applicable. In such cases, the recommendation of a committee with constitution as below shall be obtained, subject to satisfying the process laid out here under and the Secretary shall comply the same while issuing permit.

Also, adequate provision shall be made for supporting infrastructure such as water supply, sewerage, solid waste management, power supply etc. Separate systems for management of solid waste and sewage shall be provided and maintained by the developer at his cost. The project shall be completed within a period of 5 years or as suggested by the Committee.

25.1 Procedure to be followed

(a) The developer shall submit the project report, detailing the demand, feasibility and Environmental Impact Assessment aspects of the project, together with the approval, if necessary, obtained from the Ministry of Environment and Forests, Government of India to the Convener of the committee and the Convener shall make all arrangements for convening meeting of the committee at the earliest and the committee shall consider and dispose of the project report within a period of one month from the date of receipt of the same.

(b) The constitution of the committee shall be as given under:

- Principal Secretary/Secretary to Government, Local Self Government Department - Chairperson
- The Director, Local Self Government Department (Urban) - Member
- The Chief Town Planner, Local Self Government Department (Planning) - Convenor

- The Town Planner of the LSGD (Planning), Kozhikode - Member
- Secretary(s) of Local Self Government(s) concerned - Member(s)
- (c) The Convener shall fix the venue, date and time of the meeting in consultation with chairperson and shall be responsible for safe custody of records and communications thereof.
- (d) The meeting shall be presided over by the Chairperson or in his absence by a member to be authorised by him.
- (f) The developer shall also produce before the committee, all required clearances from the State and Central Government agencies concerned.
26. There shall be a building line of 6 m from the right of way of NH 66 Bypass and Mini bypass (Meenchanda-Mankavu-Kalluthankadavu-Arayedathupalam-Eranhippalam-Karaparmba-Easthill-West hill Chungam) and 4.5 m building line for other roads having proposed or existing width 24 m or higher and 3.0 m building line for all other roads having proposed or existing width less than 24 m unless otherwise specified in the Master plan or Detailed Town Planning Schemes or detailed road alignments appended with the Master Plan. No constructions other than compound wall, fence, gate or outdoor display structure shall be permitted within this building line.
27. Width of the access road mentioned in this zoning regulations shall be the whole right of way of the existing road including service roads if any.
28. Wherever the width of the Cannoli canal is less than 15m, the minimum distance between the centreline of Cannoli Canal and any construction/building other than compound wall shall be 10.5m. Regulations issued by Government, if any, as part of developing Cannoli canal as national waterway or for any other project shall prevail over this provision.
29. Fisheries-related industries are permitted in all zones except in Transport Zone, Environmentally sensitive area II, Eco Tourism Zone and Special Zones within a distance of 500m from the High Tide Line of Sea irrespective of other Zoning regulations
30. All the sanctioned road alignment incorporated with the previous master plan (Master Plan for Kozhikode Urban Area – 2035) shall be substituted as per the road alignment plan attached in annexure III of this master Plan.
31. There shall be mandatory splay for all road intersections having proposal to widen or formation of new roads is envisaged in the Master Plan. This splay shall be deemed to be integral part of the proposed road alignment and mandatory building line as per Master Plan and mandatory open space as per KMBR shall be provided from this splay. The splay shall be in the form of a triangle. The

road-abutting side dimensions of this triangle shall be the width of building line of the respective roads at that intersection. (Illustrative examples are given below)

Figure 30.1.1 Splay for Proposed Roads

32. For all constructions in corner plots abutting roads having existing or proposed width 7m or more, a visibility triangle shall be provided. The road-abutting side dimensions of visibility triangle shall be 1/4th of the width of road abutting on that side, subject to minimum of 5m.

- a) No constructions other than compound walls up to a height of 0.90m shall be carried out within the visibility triangle.
- b) In the case of proposed roads or widening of existing roads, this distance shall be measured from the edge line of the proposed road and for this purpose the proposed width of the road shall be considered as the width of the road.
- c) All sight distance obstructions like bushes, trees, and hoardings in the visibility triangle shall be removed and no obstructions shall be permitted from a height of 0.90 m to 2.4m from road level to improve visibility and safety. However transparent grill work with at least 80% transparency can be provided in this area.

Note :this provision shall not apply for those roads for which detailed road alignment plans with building lines and visibility triangles(splay) are incorporated in the master plan

33. No constructions shall be permitted other than compound walls, essential protection walls for water body, well, irrigation ponds, jogging track and cycle track maintaining the ecological character of the area within 5m from boundary of Poonur river, within 10m from boundary of Mampuzha, Kallai River, Chaliyar, Feroke River and Korapuzha and 3m from boundary of *thodu*/Cannoli canal/natural drains having width more than 5m and 2m from boundary of any *thodu*/natural drains having minimum width above 2.0m and up to 5.0m.
34. Only the existing areas under Public and Semi Public uses, Wet Agricultural uses and Irrigation Canal or Water body are intended to be included under Public and Semi Public Zone, Wet Agricultural Zone, Irrigation Canal and Water body respectively. If any private property put under uses other than those permitted or restricted in the above zones has got included within such zones, the Secretary may, with the concurrence of the Town Planner, after verification of the relevant records, ownership documents and surrounding developments, accord sanction for development by adopting the regulations of High density residential zone or any of the suitable nearby land use zone in the proposed land use map, subject to the provisions as per applicable Acts, Rules and Government orders in force.
35. All permitted uses in High density residential zone, Commercial Zone, Mixed use zone and Public and Semi-Public Zone may also be permitted by the Secretary, and all the restricted uses in these zones may be permitted by the Secretary with the concurrence of Town Planner/Chief Town Planner as the case may be, on both sides of the following class of roads (as per this Master Plan) in High density residential zone, Mixed use zone, Tourism promotion zone, Low density residential zone and Low intensity industrial zone in land up to a depth shown against each class of road in the table 30.1.1 below:

11	Hazardous I	0.9	--	1.2	--	1.2	-
12	Multiplex complex J	2.3	3.0	3.0	4.0	3.0	5.0

Note 1: The above FSI values in Column (5) & (6) and (7) & (8) shall also applicable for constructions in plots formed by amalgamation of different contiguous plots even under different ownerships, In such cases, joint application shall be submitted as per rule 6(15) of KMBR or its subsequent amendments.

Note : 2 Additional FSI as per column (4), (6) as well as (8) may be permissible on payment of fee of Rs 5000 per sq. meter for the additional area provided in excess of FSI values as per column (3),(5)&(7) respectively.

Note : 3 In the case of a multiple occupancy building as well as a group of buildings within a plot other than Group G2, I and J occupancies as defined in KMBR, the maximum permissible Floor Space Index shall be the weighted average of the Floor Space Index under the respective occupancies as prescribed under KMBR 2019;

Note : 4. For applications falling under Chapter VI - Constructions in small plots, Chapter VII - Row buildings, Chapter VIII - Building construction under approved schemes, Chapter X - Construction in plots part of which have been surrendered free of cost for road development, Chapter XVIII - Telecommunication towers, the FSI provisions shall be governed by respective provisions in KMBR.

4. For new construction and reconstruction in plot of area 400 sq.m or more, facing street(s) for which building line is prescribed under this scheme, the covered area is defined by such building line(s) and mandatory yards/ setbacks prescribed in KMBR for other sides of the plot. In such cases, coverage restrictions as per rule 27 of KMBR 2019 shall not be applicable.

Note : 1 This provision shall also be applicable for the development of plots formed by amalgamation of different contiguous plots, even under different ownerships. In such cases, joint application shall be submitted as per rule 6(15) of KMBR 2019 or its subsequent amendments.

5. The following regulations shall be applicable to all new constructions in plots abutting higher order streets (24m proposed/existing RoW) or streets through which metro line is aligned;
- i. Such street-facing constructions shall follow the building line, if any prescribed in the Master Plan irrespective of setbacks prescribed in KMBR for that yard. However, pulling back of setbacks of floors beyond the first two floors from ground level may also be permitted. The tolerance cited in the first proviso to rule 20(3) of KMBR shall be applicable to the building line.
 - ii. To provide active street frontage, at least the higher order street facing portion in Ground floor of any street-facing building shall be under Group E-Office and/or Group F-Mercantile/Commercial and/or Group J- Multiplex Complex occupancies of KMBR in force, which fall under uses permitted or restricted under this zone. (Exception that may be allowed: Single family residential building under Group A1 – Residential, Hotels, Tourist Homes under Group A2-Lodging Houses and Special Residential, Group B- Educational, Group C-Medical/Hospital and Group D- Assembly occupancies as per KMBR in force).
 - iii. Up to 60% of the mandatory off-street car parking requirement (in number) as per KMBR, can be provided as mechanized parking. Provided that, up to 75% of the mandatory off-street car parking requirement as per KMBR, can be provided as mechanized parking, if off street parking, other than parking provided exclusively for differently abled as per KMBR in force, is completely avoided in the yard abutting higher order street of the street facing building.
 - iv. There shall be no compound wall in the street facing yards, except for buildings under Group A1 – Residential, Group B- Educational and Group C-Medical/Hospital, where the compound wall may be permitted subject to the following conditions:
 - a) The compound wall can be 100% opaque only up to a maximum height of 0.6m from the adjoining road or footpath level.
 - b) The maximum height of compound wall shall not exceed 1.2m
 - c) A minimum of 50% transparency shall be assured between 0.6 m to 1.2m height of compound wall.
6. Wherever any heritage zone falls within the TOD zone, provisions of heritage zone shall prevail over respective regulations under TOD zones.
